SOURCE

25X1X

1. The Lad Vooslau (O 48/A 36) airfield was occupied by twenty-four Pe-2s and two twin-engine mid-wing mono-planes with double rudder assembly.

25X1B

3. Thirty to forty Soviet Air Force officers, a colonel as ranking officer, were seen in the Gaimfarn Castle. Some officers had a badge of yellow metal, in shape similar to the former German close combat badge, on the right side of their chests.

Comment:

The occupation of the airfield apparently has not changed compared with observations of 8 March 1950. The Pe-2s and A-20s stationed at the field are assigned to the air reconnaissance.
